Notes

1. **Reconciling with the ERA.** Each payment number in Table 1 is the trace number (TRN02) on the matching ASC X12 835 remittance, or the check number on the printed Explanation of Payment for a paper check. The claim count and amount shown for each payment agree with the totals on that remittance.
2. **Claim counts and amounts.** Tables 2 and 3 count claims received during the reporting period and show their status as of 09/30/2026. Allowed amounts reflect the Tillmore fee schedule in effect on the date of service. Member responsibility is allowed less paid (deductible and coinsurance) and may be collected from the member.
3. **Pending and denied claims.** Pending claims are reported as paid or denied in the month they are adjudicated. The full adjustment reason and remark codes for each denied claim appear on the remittance. Submit corrected claims electronically to Payer ID TDBC7 with the original claim number in the resubmission reference.
4. **Claim-level detail.** This report and the itemized claim detail behind it (downloadable as CSV) are available in the Tillmore Provider Portal at www.tillmoredental.com/providers under Reports, Payment Summary. Sign in with your Tillmore provider number TD-71-40928.
5. **Questions.** Contact Provider Reporting and Analytics at 1-877-555-0119, Monday through Friday, 8:00 a.m. to 5:00 p.m. CT, or providerreports@tillmoredental.com, and reference Report ID PSR-2026-09-40928. Questions about an individual claim should be sent to Provider Services through the portal message center.

Prepared by: Lauren M. Petrakis, Manager, Provider Reporting and Analytics, Tillmore Dental Benefits Company. Report generated October 2, 2026 from claim and payment data as of September 30, 2026. This report is informational; the remittance advice remains the record of payment.
